Overview

What began as a place known for legendary, award-winning golf is now a destination for lifelong play. A California landmark for more than 150 years, Silverado has evolved from a private estate into a contemporary resort boasting 345 guestrooms and suites, two PGA championship golf courses, a 16,000-square-foot full-service spa and fitness center, and 100,000 square feet of indoor and outdoor event space. The acclaimed resort, which is home to the PGA Tour Fortinet Championship, also features four contemporary dining venues, 10 swimming pools (including several tucked in our distinct neighborhoods), 9 Plexipave outdoor tennis courts, three bocce and pickleball courts, and a multitude of other opportunities to discover or deepen your pursuits, passions, and pleasures.

With rich on-site experiences and deep ties to the Napa Valley community, Silverado is the region's preeminent sports, recreation, and culinary destination. With activities crafted for couples, colleagues, seniors, families, and all of the above, everyone is invited to share in the fun.

History

Silverado is known for its signature white mansion, built in 1870 by retired military general John Miller on Atlas Peak Road. General Miller, who became a U.S. senator in 1880, lived at the property until his death in 1886; the property remained in his family for 63 years.

The stately main building is situated on 300 picturesque acres dotted with 300 species of trees—including centuries-old oaks that are home to the striking acorn woodpecker.

This historic landmark has been refurbished year after year with renovations paying tribute to its 19th century roots, including extensive upgrades in 2014.

The property has been operated as a golf resort by several owners since 1967; In 2010, golf legend Johnny Miller, Tim Wall, Roger Kent, and their partners acquired the property. The resort was acquired by KSL Capital in early 2022 and is now managed by KSL Resorts.

The 7,166-yard PGA North Course, rated one of the “Best Resort Courses” in California in 2021 by *Golfweek*, is home to the PGA Tour Fortinet Championship, while the 6,612-yard South Course offers an alternative that is challenging yet playable for all skill levels.

Golf course facilities include large practice putting and chipping greens and a full-length turf driving range—as well as a pro shop, equipment and electric cart rentals, instruction, a private practice area, and locker rooms.

Our Junior Golf Academy offers instruction from PGA and LPGA professionals, and seasonal camps for kids are offered as well.

Tennis

With 9 Plexipave tennis courts and three pickleball and bocce ball courts, Silverado Resort offers some of the finest tennis facilities in the country. Our top-ranked tennis program is led by award-winning pro Katie Dellich, a USPTA Elite Professional who has earned many honors, including being named one of the 2021 Top 50 Best Coaches in America by The Tennis Channel.

In addition to private lessons, the resort offers weekly drills—live ball times for players rated 3.0 and higher. Silverado also will host a series of junior and professional tennis tournaments, but this is a place for beginners, too: Camps are offered throughout the year for both kids and adults, and racquets and other equipment are available to rent.

The resort’s outstanding tennis facilities, staff, and programs have earned recognition from *Tennis Resorts Online*, which has named Silverado as a top-15 tennis destination in the world for several years running.
